TOURS AND TRAVEL

LORD HOWE ISLAND

6 DAY TOUR

12TH – 17TH MARCH 2019

Lord Howe Island is a timeless pristine paradise less than two hours flying from Sydney and is widely regarded as the most beautiful island in the Pacific. It is one of only four island groups to be inscribed on UNESCO's World Heritage list for the significance of its natural beauty. The pace is relaxed but there are plenty of activities and adventures to choose from.

The Island is dominated by the twin peaks of Mount Gower (875m) and Mt Lidgbird (777m) and contains some spectacular bushwalks for the adventurous. The less energetic however, will not have to climb too far to enjoy some of the 160 species of flowering plants or 120 species of birds or the giant Banyan trees or famous Kentia palms.

The Lagoon is a beautiful expanse of calm turquoise water enclosed by a six kilometre long coral reef on the western side of the island, making it a haven for snorkelers. Colourful tropical and sub tropical fish abound with turtles and other marine life just a few strokes from shore.

Highlights include:

- * Island Bus Tour
- * 2 hour Coral viewing with optional snorkel
- * Presentation by Ian Hutton at the Lord Howe Is Museum
- * North Bay Turtle & Nature Tour and BBQ Lunch
- * Most Importantly - time to do nothing at all
- * Around Island Cruise
- * Ron's Ramble Tour

Cost per person \$3,350.00 twin share, including return airfare (including taxes) and home transfers to and from the airport (within a north shore region*), tours as listed, 5 nights accommodation at Blue Lagoon Lodge, 5 full breakfasts and 5 dinners. Single supplement is \$735.00.

* suburbs on the north shore – check your area if unsure

** Please ask about our 2 bedroom costings – suitable for passengers preferring an apartment style accommodation or twin share designed to lower the price from two single rooms
