TOURS AND TRAVEL

COVID 19 SAFETY

Due to the great reduction in community transmission numbers, the easing of restrictions and a marked increase in demand, we have resumed our tours. Please be aware that if you are not comfortable travelling in the current environment and decide to cancel from any tour there will be a cancellation fee as per our cancellation policy but if the situation changes and we cancel the tour a full refund will be issued (tours that involve flights may be issued credits from airlines).

As per our COVID Safety Plan we regularly assess the advice set out by NSW Health and guidelines from Transport NSW. Our staff have been trained in pre departure procedures and verify if any passengers are feeling sick, have flu like symptoms or are meant to be self isolating.

Air purifiers have been added to the air conditioning system on our coaches and the "Fresh Air" mode will be in operation. All surfaces within our vehicles will be cleaned after every service and passengers will be provided sanitizer and face masks if required (these will not be mandatory to travel). Every effort will be made to physically distance passengers on the coach where possible. Even though Transport NSW has advised there is no limit to the number of passengers on tourist coaches, On Course Tours will impose upper limits. Below is our passenger advice.

We are very much looking forward to continuing to offer you new horizons and getting your travel back On Course!
